

Categorical Exclusion by Definition Checklist

Project Number: NH-4-052(104)137	PCN: 23641	Date: 02/06/2023
--	----------------------	----------------------------

Estimated Cost (Construction & CE): \$8,590,000

Although no further NEPA approval is required for this action, the Categorical Exclusion by Definition Checklist (CED) below and [CED Instructions](#) are intended to identify any additional consultation, coordination, notifications, or permitting that may be required. The CED Checklist can only be utilized as environmental documentation for project work types listed within the [CATEX by Definition \(CED\) Work Types](#).

If the answer is “**Yes**” to any of the questions below, additional documentation of that Subject Area is required, and shall be attached to this CED Checklist, and incorporated into the project as applicable. Contact ETS Division for any questions.

Subject Area	Questions	Yes	No	Documentation added to the Project File
Project Location Map	Has a project location map been created and attached showing county, highway, and begin/end project limits including any detours?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Title Sheet Attached
Right of Way	Is temporary right of way required? <i>If Yes, then attach a figure showing the location(s) and amount(s) needed at each location.</i>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	Is permanent right of way is required? <i>If Yes, then attach a figure showing the location(s) and amount(s) needed at each location. Additionally, see Subject Areas: Section 4(f), Section 6(f), and Environmental Justice.</i>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
	If permanent right of way is required, will any right of way thresholds be exceeded? -See right of way thresholds in the CED Instructions <i>If Yes, contact ETS Division for further coordination with FHWA.</i>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Section 4(f)	<i>Is temporary or permanent right of way required from any Section 4(f) properties such as:</i> - Historic Site or Historic District - Publicly owned parks and recreation areas - Wildlife & waterfowl refuges <i>If Yes, then the applicable documentation and agency coordination is required.</i>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	

Subject Area	Questions	Yes	No	Documentation added to the Project File
Section 6(f)	<p>Does the project require permanent acquisition of real property interest subject to Section 6(f) Land and Water Conservation Funds?</p> <p>LWCF Link: https://lwcf.tplqis.org/mappast/ https://www.parkrec.nd.gov/business/grants/land-and-water-conservation-fund</p> <p><i>If Yes, then ETS and agency coordination is required.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Environmental Justice (EJ)	<p>Does the project require any permanent ROW?</p> <p><i>If No: Due to the nature, location, and scope of the project with CED work types, disproportionately high and/or adverse EJ impacts are not expected and are at substantial low risk. No detailed analysis necessary.</i></p> <p><i>If Yes: Complete and attach the EJ Analysis Guidance.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Historic/Cultural Archeological	<p>Does the project involve any of the following?</p> <ul style="list-style-type: none"> - Historic Bridges or within Historic District or Downtown area - Environmental Mitigation or Landscaping - Work within Reservation Boundaries - Disposal or Early Acquisition of Right of Way - Trenching for wires or power for any of the following: ITS, ATR, Destination Lighting, or Signals - Disturbance of existing ground outside of the existing roadway foreslope <p>Link to Historic Places: https://www.nps.gov/maps/full.html?mapId=7ad17cc9-b808-4ff8-a2f9-a99909164466</p> <p><i>If Yes, to any of these items, then a Class I or Class III Survey and SHPO/THPO consultation may be required. Contact ETS Division - Cultural Resources for further guidance.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Threatened or Endangered Species (T&E)	<p>Complete the ESA Affect Determination Table linked below and attached to CED.</p> <p>Do any categories within the ESA Affect Determination Table require NDDOT Biologist Review?</p> <p>- ESA Table: ESA Affect Determination Table.pdf (nd.gov)</p> <p><i>If Yes, contact NDDOT Biologist for further documentation and review.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	

Migratory Birds	<p>Does the project involve work on Bridges, Box Culverts, or Structural Plate Pipes?</p> <p><i>If Yes, then see the Migratory Bird section in the instructions.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Wetlands	<p>Does the project involve work beyond the roadway foreslope, or any other work with potential to have temporary or permanent wetland impacts?</p> <p><i>If Yes, an aquatic resource delineation, jurisdictional determination, mitigation, and permitting may be required with the project. If an aquatic resource delineation was completed, then attach the "Appendix A5 Wetland and OW Impact Table" and ensure the aquatic resource delineation is added to FileNet.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Floodplain Permitting and Floodway Authorization	<p>Will the project occur within a 100-year floodplain and/or Zone X Area of Special Consideration?</p> <p>- FEMA FIRM https://msc.fema.gov/portal</p> <p><i>If Yes, then a floodplain permit may be required.</i></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	FIRM Maps Attached
	<p>Will the project occur within a floodway?</p> <p><i>If Yes, then a floodway authorization may be required.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Sovereign Lands	<p>Will the project take place on sovereign lands?</p> <p>-Sovereign Lands http://www.swc.nd.gov/pdfs/sov_land_brochure.pdf</p> <p><i>If Yes, a Sovereign Land Permit may be required.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Airports	<p>Does the project intersect the glide path of an airport?</p> <p>- Airport Locations https://aero.nd.gov/maps/</p> <p><i>If Yes, then a Notification may need to be provided to the FAA. See Design Manual Section III-17.</i></p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Local Public Agencies	<p>Does the project go through or immediately adjacent to any community, either incorporated or unincorporated?</p> <p><i>If Yes, email General SOV Letter 1 to city officials. Attach copy of the letter.</i></p>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	SOV attached

Threatened or Endangered Species

1. ESA Affect Determination Table

Refer to the U.S. Fish and Wildlife Service's County Occurrence of Endangered, Threatened, Proposed, and Candidate Species and Designated Critical Habitat in North Dakota Table on the NDDOT References and Forms Page to determine which species may be found in the county or counties the project is located in. The USFWS IPAC Website may also be used - <https://ecos.fws.gov/ipac/>

NDDOT Threatened, Endangered, Proposed, Candidate Species and Critical Habitat Affect Determination Table							
Project: NH-4-052(104)137		PCN: 23641	Location: US 52 - Near Jct ND 53 to Near Fessenden		County: McHenry, Pierce, Sheridan, & Wells		
Species	Listing	Guidance	NDDOT Biologist Review Required?		Determination		Additional Documentation Included
			Yes	No	Not Present	No Effect	
<p>Determine if the scope of work for the proposed project will require NDDOT Biologist review based on the criteria described for the species/critical habitat below. If review is required for one or more species, a biological assessment, Section 7 Determination Package, or NLEB documentation may be needed. Contact NDDOT Biologist for any questions.</p>			<p>Note - If a species is not present for a county, only "not present" should be checked.</p>				
Whooping Crane (species range includes all of North Dakota)	E	<p>NDDOT Biologist Review required for the adjustment (raising, relocating) of existing above-ground utility lines; or for newly placed poles/towers that require overhead lines/guy wires; unless the adjustments or new installations are in a highly developed or urban area. Review also required for projects requiring major earthwork (i.e. new road construction or roadway widening projects over 1 mile in length) in rural areas within ½ mile of cropland/wetland associations located within the whooping crane migration corridor. Projects outside of the migration corridor do not require NDDOT Biologist review. See link below for a map of the whooping crane migration corridor. Click layers tab, then select whooping crane migration corridor layer. https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	
Black-footed Ferret	E	<p>NDDOT Biologist Review required for ground disturbing activities within 100 feet of active prairie dog towns of at least 80 acres in size.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Pallid Sturgeon	E	<p>NDDOT Biologist Review required for work in or along the shoreline of the Missouri River (including reservoirs) and Yellowstone River Systems. Review also required for in-water work for any direct tributary (within 0.5 mile) to the Missouri River (including reservoirs) and Yellowstone River Systems.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Poweshiek Skipperling	E	<p>NDDOT Biologist Review required for work occurring outside of the right of way in Richland and Sargent Counties within undisturbed native tall grass prairie and wet swales. If ground disturbing activities occur outside the ROW in these counties, ETS or a consultant will need to conduct a habitat assessment for this species.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Piping Plover	T	<p>NDDOT Biologist Review required for construction activities within ½ mile of designated piping plover critical habitat or known nesting sites from April 15 through August 31. See link for piping plover designated critical habitat: https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap</p>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Western Prairie Fringed Orchid	T	<p>NDDOT Biologist Review required for all ground disturbing activities on non-flooded, undisturbed ground, known habitat, and native prairie. The species may also be found in roadside ditches with a high probability of the species occurring in or near the Sheyenne National Grasslands. If ground-disturbing activities will be required in Ransom or Richland counties, a survey by ETS or consultant for this species must be completed prior to ground-disturbance.</p>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	

Species	Listing	Guidance	NDDOT Biologist Review Required?		Determination		Additional Documentation Included
			Yes	No	Not Present	No Effect	
Gray Wolf	E	NDDOT Biologist Review required for roadway projects of 2 or more lanes on a new location (i.e., construction of a new roadway).	<input type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	
Rufa Red Knot	T	NDDOT Biologist Review required for construction activities within ½ mile of designated piping plover critical habitat or known nesting sites (species is rare in North Dakota and uses similar habitats as piping plovers during their migration). See link for piping plover designated critical habitat: https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Dakota Skipper	T	NDDOT Biologist Review required for ground disturbing activities outside of the right of way in native prairie containing a high diversity of wildflowers and grasses indicative of Dakota skipper “Type A” or “Type B” habitat. Dakota skippers are not likely to be present in cropped areas, previously cropped areas, non-native haylands, pasture or other grassland that is dominated by non-native species, or in areas where trees or shrubs predominate. The species may occur in some grazed lands that are dominated by native prairie vegetation. If native prairie would be impacted by the project, ETS or a consultant will need to conduct a habitat assessment for this species following the USFWS 2018 Dakota Skipper ND Survey Protocol: Dakota Skipper Occupancy Survey Protocol for North Dakota (fws.gov)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Northern Long-Eared Bat <small>(species range includes all of North Dakota)</small>	T	NDDOT Biologist Review required for work involving the removal of trees or buildings, ground disturbance in areas with caves, mines, and rock crevices, or work on structures (bridges, box culverts, SPP’s and corrugated metal culverts over 5’ in diameter). Refer to NDDOT Guidance for the NLEB – Appendix D within the Section 7 ESA Guidance document.	<input type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	
Rusty Patched Bumblebee	E	Species is not known to exist in North Dakota at this time. Until more information becomes available for this species in North Dakota, no project-specific review is required.					
Piping Plover Critical Habitat	D	NDDOT Biologist Review required for ground disturbing activities within ½ mile of designated piping plover critical habitat or known nesting sites. See link for piping plover designated critical habitat: https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Poweshiek Skipperling Critical Habitat	D	NDDOT Biologist Review required for ground disturbing activities within 0.6 mile of Poweshiek Skipperling critical habitat. See link for Poweshiek Skipperling proposed critical habitat: https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	
Dakota Skipper Critical Habitat	D	NDDOT Biologist Review required for ground disturbing activities within 0.6 mile of Dakota Skipper critical habitat. See link for Dakota Skipper proposed critical habitat maps: https://gis.dot.nd.gov/external/ge_html/?viewer=ext_wildlifemap	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	
Monarch Butterfly	C	Section 7 consultations are not required for candidate species. NDDOT is a partner to the ND Monarch Butterfly and Native Pollinator Strategy and continues to implement pollinator conservation efforts across the state. Project-specific conference/consultation for this species will not be undertaken at this time.

NOTES TO USERS

For information and questions about this Flood Insurance Rate Map (FIRM), available products associated with this FIRM, and/or historic versions, the current map data for each FIRM panel, how to order products, or the National Flood Insurance Program (NFIP) in general, please call the FEMA Map Information eXchange at 1-877-FEMA-1345 or visit the FEMA Flood Map Service Center website at <https://www.fema.gov>. Available products may include previously issued editions of Map Change, a Flood Insurance Study Report, and/or digital versions of this map. Many of these products can be ordered or obtained directly from the website.

Communities showing land on adjacent FIRM panels must obtain a current copy of the adjacent panel as well as the current FIRM. These may be ordered directly from the Flood Map Service Center at the number listed above.

For community and countywide map dates, refer to the Flood Insurance Study Report for this jurisdiction.

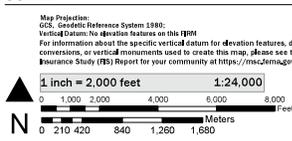

To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-433-8242.

Baseline information shown on this FIRM was provided in digital format to the United States Geological Survey (USGS). The baseline shown is the USGS National Map, Orthorectified, last refreshed October, 2020.

This map was exported from FEMA's National Flood Hazard Layer (NFHL) on 24/02/2023 4:38 PM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time. For additional information, please see the Flood Hazard Mapping Updates Overview Fact Sheet at <https://www.fema.gov/nfhl-2019/asset/document/15418>.

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The baseline shown complies with FEMA's baseline accuracy standards. This map image is void if one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifier, FIRM panel number, and FIRM effective date.

Many of these products can be ordered or downloaded directly from the website.

Communities showing land on adjacent FIRM panels must obtain a current copy of the adjacent panel as well as the current FIRM data. These may be ordered directly from the Flood Map Service Center at the number listed above.

For community and countywide map dates, refer to the Flood Insurance Study Report for this jurisdiction.

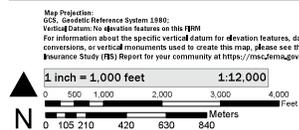

To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-433-6233.

Basemap information shown on this FIRM was provided in digital format by the United States Geological Survey (USGS). The basemap shown is the USGS National Map of Orthorectified Imagery, last refreshed October, 2020.

This map was exported from FEMA's National Flood Hazard Layer (NFHL) on 24/02/23 5:59 PM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time. For additional information, please see the Flood Hazard Mapping Updates Overview Fact Sheet at <https://www.fema.gov/media-library/assets/documents/15418>.

This map complies with FEMA's standards for the use of digital flood maps if it is not used as described below. The basemap shown complies with FEMA's basemap accuracy standards. This map shall be used if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifier, FIRM panel number, and FIRM effective date.

PROJECT NO. NH-4-052(104)137, PCN 23641
2" HBP MILL AND 2" HMA OVERLAY, SUBCUTS
MCHENRY, PIERCE, SHERIDAN, AND WELLS COUNTIES

The North Dakota Department of Transportation, in cooperation with the Federal Highway Administration, is proposing a roadway improvement on US 52 Near Jct ND 53 to Near Fessenden.

The project will not require the acquisition of permanent or temporary right-of-way.

To ensure that all social, economic, and environmental effects are considered in the development of this project, we are soliciting your views and comments on the proposed project pursuant to Section 102(2) (D) (IV) of the National Environmental Policy Act of 1969, as amended. We are particularly interested in any property which your department may own or have an interest in and which would be adjacent to the proposed roadway improvement. We would also appreciate being made aware of any proposed developments your department may be contemplating in the areas under consideration for the proposed roadway facility. Any information that might help us in our studies would be appreciated.

Information or comments relating to environmental or other matters that you might furnish will be used in determining if this project is a "categorical exclusion" or whether an "Environmental Assessment" or a "Draft Environmental Impact Statement" will be prepared.

It is requested that any comments or information be forwarded to our office on or before 03/31/2023. If no reply is received by this date, it will be assumed that you have no comment on this project.

If further information is desired regarding the proposed roadway improvement, please contact Eric Merck at 701-389-8928 in Minot, ND.
