

Proposed improvements include the replacement of four structures over I-80 and four I-80 bridges over Middle Creek and South Middle Creek, including: 1) the NW 126th Street bridge (Structure Number S080 39012); 2) the NW 112th Street bridge (Structure Number S080 39112); 3) the NW 98th Street bridge (Structure Number S080 39213); 4) the NW 84th Street bridge (Structure Number S080 39312), 5) the east and west bound bridges over the South Branch of Middle Creek (Structure Numbers S080 39165 L&R); and 6) the east and west bound bridges over Middle Creek (Structure Numbers S080 39294 L&R). Finally, the bridge over I-80 at the N-103 interchange (Structure Number S080 38814) will be repaired.

Bridges Needing Reconstruction – Eight Structures

NW 126th Street - Structure Number S080 39012

NW 112th Street – Structure Number S080 39112

NW 98th Street - Structure Number S080 39213

NW 84th Street - Structure Number S080 39312

South Branch of Middle Creek - Structure Number S080 39165 L&R

Middle Creek - Structure Number S080 39294 L&R

Bridges Needing Rehabilitation – One Structure

N-103 Interchange - Structure Number S080 38814
