

June 2022 Open House Summary

An open house was held on June 14, which introduced this new phase of the project and presented three preliminary interchange design concepts for feedback. Informational materials and feedback opportunities were also available on the project website June 14 - 30.

~ 45 attendees
130 comments

Key Themes

Majority support roundabouts

Majority do not support traffic signals

Local connections north and south of CR 4 are important long term and during interchange construction

Minimizing impacts to businesses is a priority

What's Next?

The project team will use all feedback collected to identify a preferred design for the intersection, which will be shared at the next open house in late 2022. Visit the project website to sign up for project updates and contact us via the project email or hotline if you have any questions.

Other General Feedback Received

- Request for roundabouts at most intersections along CR 4 between 4th St W and 120th St NW
- Consider incorporating public spaces and art
- Request for overpasses with connecting frontage roads for intersections far north and south of intersection
