## Notes:

(1) FHWA cannot sign an Environmental Assessment (EA) until a portion of the project (e.g., first anticipated construction phase) is in a draft STIP.

(2) Assumed outcome of NEPA process.

(3) FHWA cannot issue a Finding of No Significant Impact (FONSI) decision until a portion of the project is programmed in the STIP. FONSI decision could be made earlier depending on timing of STIP programming.

(4) Assumes 2 years for construction.
